

All That Dance January Newsletter 2025

January Dance Focus is Focus!

What does Focus look like at All That Dance?

- Being focused means paying attention to details & having good concentration.
- Dancers need to be focused in class so they don't get distracted and they can keep their energy and attention on the teacher and the skill/task they are working on.
- Focus can truly change everything. "Energy flows where the attention goes."
- Focus will help you expand your intelligence and knowledge and we want our dancers to always be growing and reaching their full potential.

Studio Highlights

****This year's recital theme is "Lights, Camera, Dance" and our recital will be filled with songs from movie soundtracks and Hollywood hits! We can't wait to take our dances to the big stage!**

****This month we posted and processed the remainder of the costume fees (\$50/\$55/\$60). At this time, we can't refund any costume fee payments and if you decide to drop a class or not participate in the recital, the costume is yours to do with as you wish.**

****We will start passing out and trying on costumes next month. All costumes must be paid in full before we can pass them out.**

****We are still enrolling new students for classes that have openings. Any new student that wants to do the recital will owe the full costume fee plus \$10 for a late costume order. See the front desk for any questions about costumes or payment.**

****I am finishing up ordering recital costumes. You can view recital costumes through the parent portal this year. Find the resources tab under your dancer's class(es) to see a picture of the costume. I will share the google sheet with all the recital songs and costumes at the end of this month.**
